

Permanent Membership

The Colorado Permanent Membership plan was start back in 1980 but a few years ago we found that we could no longer maintain the plan. We know that we will have to pay the dues of the ladies who purchased their memberships before we closed it down. As of this year, 2014, we have 612 members who will be have to pay their National dues for the rest of their lives. We need the help of all out members to help with this. When the money that was collected for their dues runs out it will be the responsibility of the Department to cover the cost of their National dues which are \$9.00 right now. The committee last year looked into and invested the balance of the funds into a couple of CD's which are earning us more interest then what was previously earning in the money market. But this will not be enough to cover all these ladies dues for their lives. At the going National rate it will only last around eight years depending how many of members we lost to death.

If you have any extra money that you would like to donate to the fund or would like to have a money raising function we would be very grateful. Let me know if I can do anything to help or just come and talk about the old plan.

We are now having any members who want to purchase a life membership do so through the National PUFL plan. We will have a link to the application and any information about the plan.

Thanks

Roberta (Robbie) Morrow

Permanent Membership Chairman
